"Internal Severity"

Scared of being me, the faith in me is dying
Reality piercing my head, while wishing it was bullets
If only I could foresee, what the future holds
Disorientated feelings, undefined lust
Internal severity, taking overhand
Life is there to live, but I know it's a lie
Can't you see the pain, it's written in my eyes
I am the pain
I'll make you forget
I am the loss
I'll make you pay
Creating a world of my own, what's outside is
unknown

We're not born equal, but everyone has to die
Tears of the world, seems to gather onto me
Penetrating eyes are staring at my heart of void
I am the pain
I'll make you forget
I am the loss
I'll make you pay
Can't see the truth, I hate all life
Search for revenge, I'll ruin you
Your empty face, no longer lives
I'll take my part, from your weak heart
Mentally dead, I rule you now
Your life is mine, mission fulfilled
