What are we approaching now?
Inhabitants of sarcasm?
a better life to come,
with putrification as desert,
see the growing madness,
and you'll never stop crying,
lakes overflowing with tears,
laughter banned on earth,
emptiness fills my heart,
violence an inevitable part,
devastation in disguise,
pollution, before our eyes,
constitutions created to oppress,
human rights ignored,
one life lost a tragedy,
a thousand makes statistics,
emotions made unnecessary,
only fear remains,
morons in power positions,
great minds are put in the dark,
Disbelieving the scientific prophecy,

foreseeing our own fate,
the mirror is grinning back at you,
reflections of a world in decay,
blinding light heatwave and gale,
termination made complete,
hiroshima still remembers,
what the world swiftly forgot,
constitutions created to oppress,
human rights ignored,
one life lost a tragedy,
a thousand makes statistic,
emotions made unnecessary,
only fear remains,
morons in power positions,
great minds are put in the dark,
corruption rules our lives,
lies cuts like knives,
Democracy, out of time
Knowing, it's the end of the line
