A stone puts the face of love  
Towards the whisper of this ghost.  
Before you evade your times  
You will be mine  
And I've been here all this time.

Closer, I'll make you mine  
Waiting for this hole in time.  
Only inspiration,  
Will I let you forget  
That I've been here all this time?  
And get up and see yourself,  
I've been here for hours.

I adore, adore adore.  
I adore, adore adore.

Please, drag with something  
When you try to hide.  
It's so cold the wind while you run  
And I learn how to forget.

Sometimes I think that I really care,  
Wish for eternity to run the way.  
I dream about places I used to fear  
And I believe it's meant to be.  
When you wave down on this train  
I get up and see myself  
Chasing you far.

I adore, adore adore.  
I adore, adore adore.

Don't you just forget  
That I've been here all this time,  
Then get up and see yourself,  
I've been here for hours.  
Oh, when I try to hide  
You're waiting all this time.

I adore, adore adore.

I adore, adore adore.  
I adore.
