You've killed my days, my innermost  
State of mind, so don't stay close  
I am back through all the highs and lows

No more belief in chemicals  
So pack your things, you'd better go  
There'll be no regrets, so little do you know

I feel, I feel so alive  
Meet me at the station, or maybe in another life  
I feel, I feel so alive  
There'll be no more drifting back and forth in time

Another day, another life  
To feed with all that I call mine  
Is what it takes, so I go out tonight

Shining lights of crossing cars  
An open sky, a million stars  
They open up my eyes and this is just because

I feel, I feel so alive  
Meet me at the station, or maybe in another life  
I feel, I feel so alive  
There'll be no more drifting back and forth in time

I'll take it slow  
I feel so alive  
I'll turn back time

Another day, another life  
To feed with all that I call mine  
Is what it takes, so I go out tonight

I feel, I feel so alive  
There'll be no more drifting

I feel, I feel so alive  
Meet me at the station, or maybe in another life  
I feel, I feel so alive  
There'll be no more drifting back and forth in time

I feel
