Gravity

It takes a hold of me
It takes me unwillingly
Away from you

Paradise

Is more than a roll of dice
Are we willing to pay the price
Can we be true?

And for a while

I'll be willing to wear this smile
As I carry this borrowed style
Searching for you

And as I go

Promise me I will know
The moment I see you, so
I'll know what to do
I'll know what to do
When it's you... you

Light pours into my heart more

As you come into view more
It's perfect, it's all I can ask for
Beautiful as you come into view more

And for a while

I'll be willing to wear this smile
As I carry this borrowed style
Searching for you

And as I go

Promise me I will know
The moment I see you, so
I'll know what to do
I'll know what to do
When it's you... you

I'll know what to do

When it's you... you

Light pours into my heart more
As you come into view more
It's perfect, it's all I can ask for
Beautiful as you come into view more

Light pours into my heart more
As you come into view more
It's perfect, it's all I can ask for
Beautiful as you come into view more

Gravity
It takes a hold of me
It takes me unwillingly
Away from you

Paradise
Is more than a roll of dice
Are we willing to pay the price
Can we be true?
