Hey, there I hope everything's alright  
I forgot to call you in the winter time

Like the waves crash comin' right  
I've got feelin's pouring down against the ceiling  
While you try to trace which side I'm on

When the wind blows between us  
High above this empty feelin'  
I don't wanna stop  
I don't wanna stop

When the waves crash beneath us  
Down below this empty feelin'  
I don't wanna stop  
I don't wanna stop

Can we dance like everything's alright  
Can we trade the day in for the night

Like a homesick tunneling  
I'm not breathing till I leave with you believing  
I don't wanna trace another song

When the wind blows between us  
High above this empty feelin'  
I don't wanna stop  
I don't wanna stop

When the waves crash beneath us  
Down below this empty feelin'  
I don't wanna stop  
I don't wanna stop

I don't wanna stop  
I don't wanna stop

When the wind blows between us  
High above this empty feelin'  
I don't wanna stop  
I don't wanna stop

When the waves crash beneath us  
Down below this empty feelin'  
I don't wanna stop  
I don't wanna stop
