## "Let u go"

I've been to all the familiar places  
I've been running like a sentence never begun  
I've been looking for a way to let you know  
I got nothing left to fill the spaces  
I got nothing but a sentence coming undone  
I've been doing circles and it shows

I've been to all the familiar places  
I've been running like a sentence never begun  
I've been looking for a way to let you know  
I got nothing left to fill the spaces  
I got nothing but a sentence coming undone  
I've been doing circles and it shows

Every cloud beyond the sky  
Every place that I hide  
Tell me that I, I was wrong to let u go  
Every sound that I hear  
Every force that I feel  
Tell me that I, I was wrong, I was wrong to let u go

Let u go  
Let u go  
Let u go

Let u go  
Let u go  
Let u go

It's the little things that make you crazy  
Like the thought of someone touching your skin  
I can see you everywhere I go  
You could be inside a sea of faces  
It could be the rumor of your grin  
Swimming in the river as it flows

Every cloud in the sky  
Every place that I hide  
Tell me that I, I was wrong to let u go  
Every sound that I hear  
Every force that I feel  
Tell me that I, I was wrong, I was wrong to let u go

Every cloud in the sky  
Every sound that I hear  
Let u go
