Don't stop now 'cause what I want has never mattered
Push me on in spite of gray days
Just keep on taking until there is nothing more here
And all the joy is left to waste away

Heart first
If you've been doubting me lately
Head in tow
If you've been doubting me lately
Here I go

One more dance for us, make it easy
If you think we're through, hell we just started
On and on, on and on

One more song for us, make it easy
Just put a smile on so we can start it
On and on, on and on

Keep coming back because the feeling sends me
higher
Even I know this can't be safe
Don't look now or you will see it with your own eyes
Happening this whole time, but you kept the faith

Heart first
If you've been doubting me lately
Head in tow
So you can't say I'm crazy
Here I go

One more dance for us, make it easy
If you think we're through, hell we just started
On and on, on and on

One more song for us, make it easy
Just put a smile on so we can start it
On and on, on and on

One more dance for us, make it easy
If you think we're through, hell we just started

On and on, on and on

One more song for us, make it easy
Just put a smile on so we can start it
On and on, on and on
