There is no contemplating,
Its all negotiating,
It makes no sense what we've become,
There are no words to explain,
Its all just birds and aeroplanes,
We stretch but we can't even touch.

They talk about our present,
The past and almost everything,
Before they never even tried,
But I can't find the answers,
To all the questions inside,
Some things just are the way they are.

Yeah but tonight it's all,
An ever lasting out of here,
The kind that makes my story disappear,
Tonight it's everything I'll ever need to know,
I am searching for the right way to go.

I've tried to see it your way,
I've made up stupid stuff to say,
But you never really did reply,
There are tons of bricks between us,
But we still have to meet up,
And be the people that we are.

They talk about our present,
The past and almost everything,
Before they never even tried,
But I can't find the answers,
To all the questions inside,
Some things just are the way they are.

Yeah but tonight it's all,
An ever lasting out of here,
The kind that makes my story disappear,
Tonight it's everything I'll ever need to know,
I am searching for the right way to go. (3x)

They talk about our present,
Before they never even tried,

But I can't find the answers,
But I can't find the answers Æ€Æ!
