I woke under the cover of darkness
Looked up into the television sky
Tonight

I wandered through the city alone
This rain wouldn't stop
I couldn't dry my eyes, I cried

Who is the one to blame?
Why is it that you never say
When the feeling leaves
If you're through with me?

As I'm walking through the rain
Cold tears crawling down my face
Like the autumn leaves
On a windy day

I went to the edge of town
Over by highways where the traffic
Was the only sound, around

While my eyes are looking at the ground
I could see pictures of you
Floating all around, I didn't die

Who is the one to blame?
Why is it that you never say
When the feeling leaves
If you're through with me?

As I'm walking through the rain
Cold tears crawling down my face
Like the autumn leaves
On a windy day

Who is the one to blame?
Why is it that you never say
When the feeling leaves
If you're through with me?

As I'm walking through the rain

Cold tears crawling down my face
Like the autumn leaves
On a windy day

Who is the one to blame?
Why is it that you never say
When the feeling leaves
If you're through with me?

As I'm walking through the rain
Cold tears crawling down my face
Like the autumn leaves
On a windy day

Who is the one to blame?
Why is it that you never say
When the feeling leaves
If you're through with me?

As I'm walking through the rain
Cold tears crawling down my face
Like the autumn leaves
On a windy day

Who is the one to blame?
Why is it that you never say
When the feeling leaves
