"We Belong"

Everywhere I fly
Every place I go seems so empty
Every time I try to make this feelin' go
Without you I don't know what moves me

And I can't find the language
And I can't give you reasons
To memorise the faces that you love

I never thought I'd find what I was lookin' for
I never thought I'd ever find the place where I belong
I never thought I'd find what I was lookin' for
I never thought I'd find, never thought I'd find the place
where I belong

I never thought I'd find what I was lookin' for
I never thought I'd ever find the place, where I belong
I never thought I'd find what I was lookin' for
I never thought I'd find, never thought I'd find the place
where I belong

If I never cry I won't know what hurts me
If I never try I won't
If never look outside I won't see the rain
Runnin' through the cold and dirty

And I can't find the language
And I can't give you reasons
To memorise the faces that you love

I never thought I'd find what I was lookin' for
I never thought I'd ever find the place where I belong
I never thought I'd find what I was lookin' for
I never thought I'd find, never thought I'd find the place
where I belong

I never thought I'd find what I was lookin' for
I never thought I'd ever find the place where I belong
I never thought I'd find what I was lookin' for
I never thought I'd find, never thought I'd find the place
where I belong

Oh, oh, oh
Oh, oh, oh
Oh, oh, oh
Oh, oh, oh
