As a matter of fact, there's no turning back  
Though I can't deny, I still want you back  
No confidence, just hide and seek  
Your weapon's blood, it's security  
What about promises, and what about the days I'm  
missing?  
What about, what about, what about us?  
What about the time of our lives?  
What about the things that you had?  
What about, what about, what about us?

I'm waiting for you  
I'm waiting for you  
I'm waiting for you  
I'm waiting for you

I'm waiting  
It's time to let go

I'm waiting for you  
I'm waiting for you

As a matter of fact, there's no turning back  
Though I can't deny, I still want you back  
No confidence, just hide and seek  
Your weapon's blood, it's security  
What about promises, and what about the days I'm  
missing?  
What about, what about, what about us?

I'm waiting for you  
I'm waiting for you

What about, what about, what about us?  
What about, what about, what about us?  
What about, what about, what about us?  
What about, what about, what about us?

As a matter of fact, there's no turning back  
Though I can't deny, I still want you back  
No confidence, just hide and seek

Your weapon's blood, it's security  
What about promises, and what about the days I'm  
missing?  
What about, what about, what about us?

What about the time of our lives?  
What about the things that you had?  
What about, what about, what about us?

What about the time of our lives?  
What about the things that you had?  
What about, what about, what about us?
