Don't speak of this red  
It's getting to your head  
This is death to you  
We join you on this rendezvou  
Biting tounges  
Smoke fills up these lungs  
These exhibitions, inhabitions  
Values of...

Send 'em on in  
Send 'em on in  
Bring the red in  
Bring in the red  
Send 'em on in  
Send 'em on in  
They've got time on their hands  
And they need their release  
From all these lies  
That break these ties  
Of innocence  
A supplement  
To these hidden agendas

Refuge in censorship  
Make sure not to let that slip  
Religion, decesion  
We create a new tradition  
What harm?  
No one can break these arms  
These exhibitions, inhabitions  
Values of...

Send 'em on in  
Send 'em on in  
Bring the red in  
Bring in the red

Send 'em on in  
Send 'em on in  
They've got time on their hands  
And they need their release  
From all these lies

That break these ties  
Of innocence  
A supplement  
To these hidden agendas

We will never see that side of you  
You're so fickle and untruthful friend  
With your propaganda  
Recreating, procreating  
Estimating, contemplating  
Fact or fiction  
That's our vision  
Calling number  
That's our one!

Send 'em on in  
Send 'em on in  
Bring the red in  
Bring in the red  
Send 'em on in  
Send 'em on in  
They've got time on their hands  
And they need their release  
From all these lies  
That break these ties  
Of innocence  
A supplement  
On and on and on and on and on
