Everything to me  
Is not the same anymore  
Where have i been  
For so long?  
And all i know is  
I'm going  
I'm going home  
I'm going home again

Oh again, again  
Oh again, again  
It's not that easy  
It's not like you knew it before  
It's not that easy

When i say  
When i say

Oh again, again  
Oh again, again

This placid memory  
Will never go away  
Where have i been  
For so long?  
And all i know is  
I'm going  
I'm going home  
Home  
Home  
Home
