The kisses of the sun - Were sweet I didn't blink  
I let it in my eyes - Like an exotic drink  
The radio playing songs - That I have never heard  
I don't know what to say - Oh not another word

Just - la la la la la - It goes around the world  
Just - la la la la la - It's all around the world  
Just - la la la la la - And everybody's singing  
La la la la la - And now the bells are ringing

La la la la la - la la la la la la la - la la la la la - la la la la la la la  
La la la la la - la la la la la la la - la la la la la - la la la la la la la

Inside an empty room - My inspiration flows  
Now wait to hear the tune - Around my head it goes  
The magic melody - You want to sing with me  
Just la la la la la - the music is the key  
And now the night is gone - Still it goes on and on  
So deep inside of me - I long to set it free  
I don't know what to do - Just can't explain to you  
I don't know what to say - Oh not another word

Just - la la la la la - It goes around the world  
Just - la la la la la - It's all around the world  
Just - la la la la la - And everybody's singing  
La la la la la - And now the bells are ringing

La la la la la - la la la la la la la - la la la la la - la la la la la la la  
La la la la la - la la la la la la la - la la la la la - la la la la la la la

The kisses of the sun

La la la la la - It goes around the world  
Just - la la la la la - It's all around the world  
Just - la la la la la - And everybody's singing  
La la la la la - And now the bells are ringing

La la la la la - la la la la la la la - la la la la la - la la la la la la la  
La la la la la - la la la la la la la - la la la la la - la la la la la la la

Around - Around - Around the world
