Long is the night, moonlight is fading  
The rhythm is burning inside  
Holding you tight, dream of your body  
The touch of your skin next to mine

I feel the heat, temperature's rising  
I'm losing control don't keep me waiting  
'Cause baby you know we're gonna dance  
Till the moon and the stars meet the sun

Sing with me let's come together  
Dance with me always forever  
Just be free it's now or never  
Notte d'amore con te

Sing with me let's come together  
Dance with me always forever  
Just be free it's now or never  
Notte d'amore con te

Balla se vuoi senti la musica  
Vivrare solo per noi  
Canta se puoi magiche note  
Mi bruciano dentro lo sai

I feel the heat, temperature's rising  
I'm losing control don't keep me waiting  
'Cause baby you know we're gonna dance  
Till the moon and the stars meet the sun

Sing with me let's come together  
Dance with me always forever  
Just be free it's now or never  
Notte d'amore con te

Sing with me let's come together  
Dance with me always forever  
Just be free it's now or never  
Notte d'amore con te

I'm gonna take you high  
Don't let it go till you're mine

Let me be by your side  
Till the end of time

Sing with me let's come together  
Dance with me always forever  
Just be free it's now or never  
Notte d'amore con te

Sing with me let's come together  
Dance with me always forever  
Just be free it's now or never  
Notte d'amore con te

Sing with me  
Dance with me  
Just be free it's now or never  
Notte d'amore con te
