Its Christmas time, theres no need to be afraid  
at christmas time, we live in light and we banish shade

but in our world of plenty, we should spread a smile of  
joy!  
Through your arms around the world at christmas time

so save a tear - pray for the other ones  
at christmas time, its hard but when your having fun  
theres a world outside your window  
its a world of dreaded fear  
where the only water flowing is a bitter sting of tears  
And the christmas bells that ring there are the clanging  
chimes of doom

Well tonight thank God it's them instead of you

no there wont be snow in africa this christmas time  
the greatest gift they'll get this year is life

where nothing ever grows  
no rain or rivers flow

Do they know it's christmas time at all?

feed the world  
feed the world  
feed the world  
let them know its christmas time and  
feed the world  
let them know its christmas time  
feed the world  
let them know its christmas time
