We sample from the shelves tore a page out of this
chapter

Deface the essays in the book that you're reading
We are the leaches that stop the bleeding

Deficit attention program by any means necessary
Blare sirens to the library
Whisper instructions to the book-wormed glossary

Is it heavier than air?
Tell us, is the black box lying?
Is it heavier than air?
Tell us, is the black box lying?

Aeronautics hacked the spine of paragraphs
Prepare to indent, a coma that read, floating in a
soundproof costume
Here comes the monolith brass knuckles for the hissie
fit
An abbreviation for the landing of fleets in-in-incoming

Is it heavier than air?
Tell us, is the black box lying?
Is it heavier than air?
Tell us, is the black box lying?

[Incomprehensible]

Position the stitches like miles of torpedoes
Permission was hinted, lungs that hollered in a sleeper
hold

[Incomprehensible]

Is it heavier than air?
(Am I supposed to die alone?)
Is it heavier than air?

Is it heavier than air?
(Am I supposed to die alone?)
Is it heavier than air?

Come on [Incomprehensible]

Position the stitches like miles of torpedoes
Permission was hinted, lungs that hollered in a sleeper
hold
(Am I supposed to die alone?)

Position the stitches like miles of torpedoes
