Nuisance

An actor choking on nectar

Nothing gotten

Narcoleptic will cut off these patients blue arms

Peg legged

Sullen

Drool on these words I've never uttered

Yes, I swear

Outstayed our welcome

A jab from behind

A spoke on these crutches

You wouldn't mind

I had the rack ignored in your last implants

Maiden winters

Tickling whispers

Sit still or you can't just listen

Extra, extra extracurricular

Determine if the wick can burn

Acid

Cracked ribs

Timber

Class dismissed

Sutured

Swollen

Spiteful of these silent urns

Yes, I swear

Legs cracked and head dressed

A jab from behind

A trolley over the sun

You wouldn't mind

Bull legged attrition on this satellite

Maiden winters

Tickling whispers

Sit still or you can't just listen

Extra, extra extracurricular  
Determine if the wick can burn

Yes, I swear

The weak are supposed to die  
The weak are supposed to die  
The weak are supposed to die  
The weak are supposed to die

And you can't see this lighthouse  
'Cause there's no place to go  
This siphon drinks the water  
But it will never grow

And you can't see this lighthouse

But it will never grow, never grow
