This is the accent of the halfhearted land  
Does it all make sense now?  
And if the ship was built in bottled sand  
Does it all make sense now?  
The anchors' kiss was scrawled in dyslexic crayon  
Does it all make sense now?

Is this just a life preserver bivouac tenure  
The tropic of cancer answered, "Drink the quicksand"

A mirror was splintered on the decks floor  
Does it all make sense now?  
A stowaway that lived beneath this hull  
Does it all make sense now?  
The anchor's kiss was scrawled in dyslexic crayon  
Yes, it all makes sense now

Is this just a life preserver bivouac tenure  
This tropic of cancer answered, "Drink the quicksand"  
It's gills will swim faster after a breath from the shore  
Is this just a life preserver bivouac tenure?

Breathe the taste of salt water dry heave up and  
overboard  
Ponce de leon wrinkles let's make it young again  
Boat drinks for captains row our boat stowaway  
Boat drinks for captains row our boat stowaway

Is this just a life preserver bivouac tenure  
This tropic of cancer answered, "Drink the quicksand"  
It's gills will swim faster after a breath from the shore

All makes sense now  
If your map was torn, navigate, navigate  
All makes sense now  
If your compass broke, navigate, navigate  
All makes sense now  
If your map was torn, navigate, navigate  
All makes sense now
