Strike this match and let loose the oven's breath  
Up the volume that flirts with the UHF

Swipe the magnet on the audio tape  
These arsons of grand larceny  
Keep runnin', keep runnin' in place  
Achilles tendon severed from the race

Quick to the throat in this ink cartridge funeral  
Well, marble caps lock, zip code affiliate  
You've got a run on your pharmaceuticals  
You better change it before the night grows old

Set the temperature on delete  
Keep runnin', keep runnin' in place  
Let's hit the neighborhood today

Quick to the throat in this ink cartridge funeral  
Well, marble caps lock, zip code affiliate  
You've got a run on your pharmaceuticals  
You better change it before the night grows old

You got a run on your pharmaceuticals  
You better change it before the night grows old  
Prescriptions filled now cut your suit and tie cuticles  
You cut your fingernails way too short

Well, what if forensics finds the answers?  
What if they stole my fingerprints?  
Where did I leave my book of matches?  
We'll find you

What if forensics finds the answers?  
What if they stole my fingerprints?  
And where did I leave my book of matches?  
We'll find you, we'll find you

What if forensics finds the answers?  
What if they stole my fingerprints?  
Where did I leave my book of matches?  
We'll find you

Now what if forensics finds the answers?  
What if they stole my fingerprints?  
Where did I leave my book of matches?  
We'll find you
