### "Speechless"

mother nature never smelled so good  
can i taste the flower that you carry  
brilliant minds with pretty faces never cry  
pedestal is crumbling down  
now you're on the ground  
selfless days are way too many  
lay back, spread your legs, and don't make a sound

hiding bruises he brings you roses  
says "i'm sorry" now it's okay  
no hard feelings, no deep meanings  
you were once special  
but just for a day

he hook and baits you  
to break you in two  
now no one is saying  
that it'll be all right  
promises when he says "i love you"  
face first to the floor  
now you just don't know

speaking up!  
because no one's listening

all those lonely nights  
you stayed up and cried  
sick to your stomach with butterflies  
he says "come here and hold me close"  
you never really seem to smile when i touch you"  
saccharine sweet flavored drinks  
taste so old  
this burning in your mind  
makes you feel so cold

no recollection of affection  
we're only safe from harm when nothing  
matters only 20 years have passed  
and you're already feeling old  
bell jar is ringing

and no one understands the feeling of  
kicking a dead cow  
and hoping that i will come alive  
when everything is wrong  
you just say..  
"i'm doing fine."

she's reaching for something right
