"Good Disease"

Visit "[Good Disease](#)" on MotoLyrics.com

Sitting on the grass in the summer breeze
Looking at the wind
Tease the leaves
Baby, I put my arm around you
You weren't free
Baby don't worry
It's a good disease
Baby don't worry
I'm a friend you see
Baby don't worry
It's a good disease
Baby don't worry
I'm around you see
Baby don't worry

It's a good disease

Hey girl
Baby don't worry
It's a good disease
So lovable, lovable, lovable...
Baby don't worry
I'm a good disease (x2)

Maybe I just can't believe
That you wanna sit here next to me
Push up time though
My heart bleeds
Baby don't worry
I'm a good disease
