It's millions like us nigga doing the same thang
But we guarantee for life so I'm charging it to the game
Hey I'm baking scraping nigga I'm pouring the same
name
Og calling file woman that same they found Ukraine
That is the life I'm tryina live main
And I need a round queen I can call my main
I done had plenty but they all seem the same
They just wanna fuck with me cause I got a little fame
But understand I ain't doing this for that
It's for the young man with the weight on his back
My nigga stay strong I know it's hard to be black
But shit, never give up, that's how they want us to act
So my nigga stay strong cause you young and you
black
So work hard for where the dividends at
And to stay focus on yours and never deal with no crap
And when you get it, no, that is good to give back
And that's the same shit I'm on, all I need is the sky

What you want is what you get nigga
So I'm working until I can reach at least 10 figures
And I really suck at math so I'm hoping some big digits
But if it's not shit I'm working for a still nigga
And I'm tryina skip a fucking deal so I'm going
End up in the every bill
Cut the middle man and get your own shit
Hop on your grind and get joe chips
So niggas hit me up at shows, cause you know I need it
Yeah I'm knocking on the door cause I ain't find my key
yet
So if you're looking through the people, know it's me in
Cause I've been standing out here for like 23 minutes
So my last 2 minutes man I'ma take my time
Cause I don't know how much I can give on a sweet
long grind
Cause if a nigga ain't got shit I'm moving my sweet old
mind
But shit I need this space and I'ma need some more
time
To think about how far I came, on this sweet long
rhyme.

It's millions like us nigga doing the same thang
It's millions like us nigga doing the same thang
It's millions like us nigga doing the same thang
But we guarantee for life so I'm charging it to the
game.
