We're pretending like we are  
Alone, but what if we truly are?  
Establish this  
Honor.  
Walk home with a smile.  
Establish this honor.  
Try to be the man you  
Want.  
The universe, the never ending creation.  
The humans, the dying  
Generation.  
I think he messed up the wires.

But as long as we believe.  
We won't be forgotten.  
As long as we believe

We can fight this disease.  
The giant hands embrace the sky.  
And like they said we can't survive.

This rumour  
We have build.  
Love, honour and of peace.  
Who said, we can't live forever?

I collect the signs as they fall from heaven  
As the leader sets the rules.  
The  
Machine turns on.  
As the leader sets the rules.  
The participants will take  
The consequences.

If I don't will show up, I am gone, I am gone  
You will  
Watch those burning books turn to ashes, they had so  
wrong, they had so  
Wrong

But as long as we believe.  
We won't be forgotten.

As long as we  
Believe

Your grace will lead the way to liberation

Since the day you left the  
Earth, the stars has never shined brighter.

As time stands still, we will  
Divide your soul, and let the wind carry you away.
