So keep loading your guns.  
Just break our hands and nail us up on that cross.  
But we wont forget, we will hunt you down and break all  
your roadblocks.

And I will be a better man, I will step back from all this  
madness.

From where I stand, I see nothing but cages.  
From where I stand, there's no chance I would let em'.

Falling backwards into a grave of fire.  
These flames sets me free and from the ashes I  
breathe.  
I burn like a phoenix.

These numbers drives me into a madman.

666 FUCK!

I'm not getting weaker,  
I can't get any weaker from all these knives in my back.  
I'm just getting stronger, oh I'm just getting stronger  
from all those fists in my head.

Falling backwards into a grave of fire.  
These flames sets me free and from the ashes I  
breathe.  
I burn like a phoenix.
