### "Zulieka"

Murder, engineer death and evil  
Mentor/tormentor  
Spiritual rapist  
Divine predator  
Beguiling Zulieka  
I must take her in hand  
The leptosome nymphet  
Demands discipline  
Capricious and lissome  
Macromastic and dark  
The taste of her cunt  
Almost makes me feel pure  
Be unto me, resplendent sin  
Appease this disease  
Insatiable Satan  
Olam ha Nekudoth  
Insatiable master, Satan  
Blood of Christ  
Necronomicon  
Blood of Christ  
Many realities unfold  
Betwixt a rich fruit of locusts  
Shade and substance twists  
I could almost believe in Allah  
For your sake, Zulieka  
"Be unto me, Devil  
Be unto me..."
