Why, why baby, do you back away
Why baby, baby, must I squat and pray
When you're on top of me
Gettin' on with foreplay
Uh uh uh!

(CHORUS)

Just because I'm about as straight as a left turn corner
Just because I'm about as sexy as a bugged up dog
Just because I want you like you like you want a moaner
You've gotta let me kiss you, boy, gotta let me kiss you

I'm getting a little bit high now
My short dick man is in the clouds
Don't stop boy baby don't stop to row

The pain of the next door neighbours
As they hear me scream, hear your shouts!

(CHORUS)

You walk that sexy walk, you talk that sexy talk
I stalk that sexy stalk, so much I need to rock
So keep me going on your shit, yeah,
WHHHOOOOOOOAAAA!

--Instrumental Break--

You walk that sexy walk, talk your sexy talk
Whisper in my ear tonight, I want you in every shape,
every right
So keep on kissing me down there, I know I want you....

(CHORUS TO END)
