I know I might seem weird
One day I'm around the next I disappear
This is a crazy act
But I won't break up, kiss and make up that's a fact

'Cause always, ever, after and on

When you think the party's over look over your shoulder
I'm at your door, coming back for more
Dancing in the moonlight, 'til the break of day like we
did before
We'll be coming back for more

We're on a one-way ride
And all I need is someone like you by my side
You saw the movie too
We'll ride into the sunset like they always do

For all days, all nights, hours I'm gone

When you think the party's over look over your shoulder
I'm at your door, coming back for more
Dancing in the moonlight, 'til the break of day like we
did before
We'll be coming back for more

If I'm still number one
The one your looking for
I won't be gone for long
Now I'll be back for more

When you think the party's over
Just look over your shoulder
We'll be coming back for more

When you think the party's over look over your shoulder
I'm at your door, coming back for more
Dancing in the moonlight, 'til the break of day like we
did before
We'll be coming back for more

When you think the party's over look over your shoulder

We'll be coming back for more
Dancing in the moonlight, 'til the break of day like we
did before
We'll be coming back for more
