Dear diary something good happened today  
He finally called me by my name  
I didn't know how to behave  
What to say or do  
I was so confused

Dear diary wanna talk to him again  
But whenever he is with his friends  
He keeps trying to pretend  
But I already see  
The way he feels for me

What can I do  
Tell me what can I say  
When do I let him know I feel the same way  
How can my feelings be so hard to show when  
I really want him to know

Dear diary he wrote some letters on his hand  
It wasn't hard to understand no no no  
I figured I'm part of his plans  
But now I'm in his heart  
I don't know where to start

What can I do  
Tell me what can I say  
When do I let him know I feel the same way  
How can my feelings be so hard to show when (show  
hard to so)  
I really want him to know

Your the secret hiding place where my problems are  
safe  
Just one look and you will see  
What's inside of me (me)

What can I do  
Tell me what can I say  
When do I let him know I feel the same way (Oh)  
How can my feelings be so hard to show when  
I really want him to know
