Baby I will soon be leaving
And I know that you are feeling down
But every week I'll send a letter
To let you know my love will never change
I promise you I'll always feel the same
So remember in your heart
Baby when we are apart
There is no need for cryin'
Cause even if I am

Halfway round the world
That won't stop me from loving you
Halfway round the world
I'll still be feeling the way I do now
I wanna hold you baby
Cause I'm gonna miss you like crazy
Even if I'm halfway round the world

Baby when the miles are growing
You and I will still be going strong
No matter what your friends are saying
Don't give up on what you're waiting for
Cause one day I'll be knocking on your door
So remember in your heart
Baby when we are apart
There is no need for crying
Cause even if I am

Halfway round the world
That won't stop me from loving you
Halfway round the world
I'll still be feeling the way I do now
I wanna hold you baby
Cause I'm gonna miss you like crazy
Even if I'm halfway round the world

If I could
You know that I would find a way to stay for good
But I must go now
I wanna hold you baby
Cause I'm gonna miss you like crazy
Even if I'm

Halfway round the world
That won't stop me from loving you
Halfway round the world
I'll still be feeling the way I do now
I wanna hold you baby
Cause I'm gonna miss you like crazy
Even if I'm halfway round the world
