That's what it's all about

It's midnight, we're feeling all right  
Dressed up for a cruise tonight  
Nothing can hold us back  
We're alive and right on track  
All set, ready for a show  
It's gotta blast, get outta control\*  
Nothing can stop us now  
There's a party going on too now\*

If you say, that it's okay  
We gotta start right now

*[Chorus]*

That's what its all about baby  
That's the way that it's got to be  
That's what it is going on baby  
That's right, that's right  
That's what it's all about baby  
That's what it comes down to baby  
I want you to hear me out

That's what it's all about

Half past twelve  
We're sneaking out the back door  
Who said, we couldn't stay out long  
Till the lights go out  
We're gonna show what its all about  
We're gonna take it to the top  
Never gonna stop  
Cause we might, do it till we like  
Spread the word around  
When the drum rolls, time to get down

*[Chorus]*

Oh yeah  
There's nothing that can stop us now  
I swear we'll always be around

If you say, that it's okay  
We gotta start right now

*[Chorus]*

*[Chorus]*
