When you think the party's over
Look over your shoulder
We'll be coming back for more!

I know I might seem weird
One day I'm around the next I disappear
This is a crazy act
But i won't break up, kiss and make up
thats a fact

For all days
All nights
After and on...

When you think the party's over
look over your shoulder
I'm at your door
coming back for more
Dancing in the moonlight
till the break of day
like we did before
we'll be coming back for more

We're on a one-way ride
And all i need is someone like you by my side
You saw the movie too
We'll run into the sunset like they always do

For all days all nights hours I'm gone

When you think the party's over
look over your shoulder
I'm at your door
coming back for more
Dancing in the moonlight
till the break of day
like we did before
we'll be coming back for more

If I'm still #1
the one your looking for

I won't be gone for long though
I'll be back for more
(I'll be back for more)

When you think the party's over
just look over your shoulder
we'll be coming back for more

When you think the party's over
look over your shoulder
I'm at your door
coming back for more
Dancing in the moonlight
till the break of day
like we did before
we'll be coming back for more
