He tried to tell you it was over so many times
You kept convincing yourself that he would change his
mind
You never thought that love could do this to you and
him
You thought that it was supposed to be innocent
You gave him everything and more that you had to give
Three shining faces that will never fade
So tell me what it's like to be on his own again
He makes it look like it's easy but I've heard
That one before

No place for tears
You're giving him everything
All or nothing
No pain, no gain
Now you can chase your dreams
Chase your dreams

He ??? so we can tell him down the phone
???
You feel as if you loose a something that wants was
yours (?)
No one could ever take away what belongs to you
If you don't want to choose the choice will be made for
you
It doesn't matter what he decides to do
He's working ??? you'll have to find your way
If you don't ?? your life you gave it all away

No place for tears
You're giving him everything
All or nothing
No pain, no gain
Now you can chase your dreams
Chase your dreams

He lost you while he was trying to find himself
It's nothing new, I see it happening all the time
So tell me, tell me, has he found what he's looking for
He had the icing on the cake and he wants some more

I know it's not been easy making it on your own
Don't let it get you down, were here, you're not alone
You've got your girls, what love, they'll always be by
your side
The grass has always been greener on the other side

No place for tears
You're giving him everything
All or nothing
No pain, no gain
Now you can chase your dreams
Chase your dreams

No place for tears
You're giving him everything
All or nothing
No pain, no gain
Now you can chase your dreams
Chase your dreams
