[In the mist of war Nuada was dominated by the mania of battle. He killed hundreds of enemies and reached in front of Balor. The great king sacrificed himself for glory and freedom of Tuath De Dannan, which caused Lugh to rush screaming into the battle seeking vengeance for the death of his king.]

High over plains and mountains  
With riders by my side  
Too late now for the summons  
Must pay a higher price

The stormy clouds I scatter  
Draw powers from the Sun  
A single star now shining  
Above the clearing sky

Charging into the spiral mist  
Fires of human flesh  
It's too late for the rescue of my friend

In the cold nights of loneliness  
A lifeless broken shadow  
Saw Nuada in the coils of demon  
Rest in peace my hero king  
I burst in anger  
Meet your equal Balor wizard

Cold nights of loneliness  
A lifeless broken shadow  
Saw Nuada in the coils of demon

So free the land from strangers  
So free the land from foe  
I circle precious shadow  
I see so far below

Farewell my friend in honor I will avenge your death  
The solar powers is with me until the end

In the cold nights of loneliness  
A lifeless broken shadow

Saw Nuada in the coils of demon  
Rest in peace my hero king  
I burst in anger  
Meet your equal Balor wizard

Cold nights of loneliness  
A lifeless broken shadow  
Saw Nuada in the coils of demon
