One o'clock in the  
Morning, my time  
Three o'clock in the  
Morning, your time  
Just had to call you  
Hope you don't mind

You're sound sleepy  
Sorry I woke you  
It's been so long since I  
Spoke to someone I love  
You're the only one I love

[CHORUS]  
And it's been so hard  
Living without you  
Being alone  
Dreaming about your  
Voice on the phone  
I've never known this  
Kind of loneliness before

Two o'clock in the  
Morning, my time  
Four o'clock in the  
Morning, your time  
Did you know we've been  
Talking more than an hour

Guess we should  
Say goodbye now  
It's getting late, so late  
But somehow I could go on  
Talking to you all night long

[Repeat CHORUS 2x]
