Spreading on the ground I feel sad
Hearing screaming while my eyes are full of tears
Maybe you should feel the same
There's nobody here I'm walking in the dark
Close my eyes and try to leave this defiance
Don't worry that I'm fine
Give me voice give me hope
Tomorrow is so far
I feel like I lost my place
And now that I can see your face
I can say for sure
The answer is still the same
Take my hand and help me out
Something I can't live without
I'm right here to feel the rythm of your voice
I see you standing by your side now
I realize to be the first of your mistakes
Rain is cleaning everything
But my hands remain so dirty on the grass
Close my eyes and try to leave this defiance
Don't worry that I'm fine
Give me voice give me hope
Tomorrow is so far
I feel like I lost my place
And now that I can see your face
I can say for sure
The answer is still the same
Take my hand and help me out
Something I can't live without
I'm right here to feel the rythm of your voice
The rythm of your voice!
I feel like I lost my place
And now that I can see your face
I can say for sure
The answer is still the same
I feel like I lost my place
And now that I can see your face
I can say for sure
The answer is still the same
Take my hand and help me out
Something I can't live without
I'm right here to feel the rythm of your voice
