Intro:

Lying beside you, here in the dark  
Feeling your heart beat with mind  
Softly you whisper, you're so sincere  
How could our live be so blind  
We sailed on together  
We drifted apart  
And here you are by my side

Chorus:

So now I come to you, with open arms  
Nothing to hide, believe what I say  
So here I am with open arms  
Hoping you'll see what your love means to me  
Open arms

II.

Living without you, living alone  
This empty house seems so cold  
Wanting to hold you, wanting you near  
How much I wanted you home

But now that you've come back  
Turned night into day  
I need you to stay.

(Repeat Chorus)
