Step in the room now, everybody's looking  
Jealousy, I see it as a good thing  
You want to dance, maybe that's what I'm here for  
If you got a man, baby I can give you more

The club goes, on and on  
The beat goes, on and on  
The night goes, on and on

It's you I'm, on and on  
It's me you're, on and on  
Lets get it, on and on

If you want it I want it  
If you want it I want it

(Oh oh oh oh oh oh oh oh oh oh oh)

If you want it I want it  
If you want it I want it

(Oh oh oh oh oh oh oh oh oh oh oh)

I know you want to come with me  
You know you want to leave with me

If you want it I want it  
If you want it I want it

You're asking me, can we take it slow now?  
Prepare for war, this may be a show down  
I want it now, I want you all around me  
Take your gun, pull the trigger, shoot me

The club goes, on and on  
The beat goes, on and on  
The night goes, on and on

It's you I'm, on and on  
It's me you're, on and on  
Lets get it, on and on

If you want it I want it  
If you want it I want it

(Oh oh oh oh oh oh oh oh oh oh oh)

If you want it I want it  
If you want it I want it

(Oh oh oh oh oh oh oh oh oh oh oh)

I know you want to come with me  
You know you want to leave with me  
If you want it I want it  
If you want it I want it

I know you want to come with me  
You know you want to leave with me

Everybody everywhere just stop and stair  
Put your hands in the air  
Put your hands in the air

Everybody Everybody

If you want it I want it  
If you want it I want it

(Oh oh oh oh oh oh oh oh oh oh oh)
