When I wake up in the sunlight
And look into your eyes
And I hold you for a little while
And I see behind your smile

I remember how beautiful
I used to think you are
Now the only love that meant something is gone

I should have let you go
When I saw that
It was over in your eyes
What do I have to do?
To get rid of you
I'll be better on my own
Now I miss the sun
But as long as I'm with you
It's just another rainy day in London
Ooh, just another rainy day in London

I still hold on to the memory
Of how we were meant to be
And I wonder did you ever care
You were never there for me
I thought I was stronger
But then why am I here
With nothing left to say
Now the only love that meant something is gone

I should have let you go
When I saw that
It was over in your eyes
What do I have to do?
To get rid of you
I'll be better on my own
Now I miss the sun
But as long as I'm with you
It's just another rainy day in London
Ohh, just another rainy day in London

(Just another day, Just another day)

I remember how beautiful
I used to think you think you are

I should have let you go
When I saw that
It was over in your eyes
What do I have to do?
To get rid of you
I'll be better on my own
Now I miss the sun
But as long as I'm with you

It's just another rainy day in London
Ooh, just another rainy day in London
