I was suppose to be happy today, well it was the night
as I expected
I saw you after couple of days, somethings there but it
feels like we just left it
Gone to church two times a day and we hung out just
like I imagined
Something was missing and I know what it is
There's a hole in my heart can u feel it?

Chorus:

Will you be my girlfriend, swear I'll treat you right
Wanna be there for you everyday and every night
Will you be my girlfriend, I wanna be the one
You come to every time that you're down

Talk to you like every night
I'm loving every millisecond of it
I see you almost everyday I hate when we're separated
I tell you you look pretty today
And you reply by saying that I'm stupid
I know that you're just showing that you care and you're
just afraid to show me

Chorus

Yes I'll be your girlfriend swear I'll treat you right
Promise I will love you everyday and every night
Yes I'll be your girlfriend, let me be the one
To be your moon, your stars, your sun

And I know it's kinda crazy, but I hope that you can be
with me
To take a chance for a lil bit of romance
And I'll take you on a magic carpet ride...

(Repeat Both Chorus Intercepting each other,
Repeating Heidi's 2nd Chorus with Raf's background
vocals 2x)
