I say go fat boy, go fat boy, go, go fat boy, go fat boy,  
go  
I say go fat boy, go fat boy, go, go fat boy, go fat boy,  
go  
I say go fat boy, go fat boy, go, go fat boy, go fat boy,  
go  
I say go fat boy, go fat boy, go, go fat boy, go fat boy,  
go

I do the fat man stomp, whomp, who-who-who-whomp  
I do the fat man stomp, whomp, who-who-who-whomp  
Let me see ya go left to right, left to right, left to right,  
left to right  
Left to right, left to right, left to right, left to right  
I do the fat man stomp

If you ain't it's cool, tell 'em  
But I'm a just show you what you gotta do  
Just pick up your right and then your left shoe  
And stomp, ha, stomp, ha  
But make sure you keep your rhythm right, tell 'em  
Cause if you used, ? step on some shoes  
They be mad at you like you's a crazy fool  
But you gotta do what you gotta do  
And then stomp too

I do the fat man stomp, whomp, who-who-who-whomp  
I do the fat man stomp, whomp, who-who-who-whomp  
Let me see ya go left to right, left to right, left to right,  
left to right  
Left to right, left to right, left to right, left to right  
Do the, I do the fat man stomp

[Cotton Mouth]

Hey y'all, it's Cotton Mouth  
It's that fat motherfucker from the dirty south  
And I fuck up the floors all through ya house  
Make you bounce that baby, wanna kick ya out  
Got a little dance called the fat man stomp  
Guaranteed to get your ass up and crunk  
This dance ain't for the slim and young

It's only for the folks that wanna have fun

I do the fat man stomp, whomp, who-who-who-whomp  
I do the fat man stomp, whomp, who-who-who-whomp  
Let me see ya go left to right, left to right, left to right,  
left to right  
Left to right, left to right, left to right, left to right  
Do the, I do the fat man stomp

Ladies and gentlemen, don't get it confused  
It's the fat man stomp for you and you  
Feel the whole world move to the heavy groove  
Get off the wall people, what you gotta lose  
In case the club just can't handle the bass  
Of the worldwide jam that's rocking the place  
Just stomp, stomp  
And let them know that you still get crunk

I do the fat man stomp, whomp, who-who-who-whomp  
I do the fat man stomp, whomp, who-who-who-whomp  
Let me see ya go left to right, left to right, left to right,  
left to right  
Left to right, left to right, left to right, left to right  
Do the, I do the fat man stomp

I say go fat boy, go fat boy, go, go fat boy, go fat boy,  
go  
I say go fat boy, go fat boy, go, go fat boy, go fat boy,  
go  
I say go fat boy, go fat boy, go, go fat boy, go fat boy,  
go  
I say go fat boy, go fat boy, go, go fat boy, go fat boy,  
go

I do the fat man stomp, whomp, who-who-who-whomp  
I do the fat man stomp, whomp, who-who-who-whomp  
Let me see ya go left to right, left to right, left to right,  
left to right  
Left to right, left to right, left to right, left to right  
Do the, I do the fat man stomp
