What kind of war are we fighting  
What kind of fools are we thought  
When will the fighting be over  
What is the reason we fought  
Why have we forsaken our brothers  
What reason can show we were right  
What kind of man can justify slaughter  
In the face of our children. Why have we decided to

Chorus

Lay down in the face of confusion,  
To walk in the darkness, run away from the Light  
When a lame man with the Love of his Saviour  
Can rise up and walk into Eternity's Light  
Rise up!  
What kind of Love can set us free  
What kind of Love...

What kind of Love can lead a world into Eternity

What kind of Love can lead a world into Eternity  
What kind of Love can change a world  
In the depths of derision to a Kingdom of Life  
What kind of Love...

What kind of life are we living  
In the shadow of certian demise  
When will our suffering be broken  
When will the wrongs be made right  
Why have we chosen to shelter  
Ourselves in the house our sin  
When will we fall on our face in repentance and  
Open our eyes, why have we decided to

Chorus

Why have we decided to...

Chorus
