This race is already run...  
Get off your horse, get on this train!  
Hey-ah...hey-ah...Oohhh...  
Welcome to the real world  
I said welcome to the real world  
Are we rushing like the wind, naked out and naked in?  
Welcome to the free world  
I said welcome to the me world  
Are we rushing like the ... wind?  
(ooh...ooh...ooh)  
(ooh...ooh)  
Put your lovin' arms around!  
Did you lose your faith in God, no?  
Does your conscience always get you down?  
Fall to pieces, rough and tumble  
Does your conscience always get you down?  
These days it's all in the mind...  
It's elemental  
Don't say you're up when you're down...  
It's elemental  
(ooh...ooh...ooh)  
(ooh...ooh)  
Put your lovin' arms around!  
This your New Year's resolution?  
Put your lovin arms around!  
Nothing doing, revolution...  
Put your lovin' arms around!  
Take another leap in the dark  
With a humble heart  
Do yourself some good...  
What did you become?  
Patience...be sure...  
Baby! Baby!  
These days it's all in the mind...  
It's elemental  
Don't say you're up when you're down...  
It's elemental  
(Repeat 2x, fade)
