Itsuka nakushita kagayaku yuuki no kakera o
Ima sugu sagashi ni yukou

Let's search for the pieces of courage
That we lost someday, right now

Toritatete isogu koto nante nakatta no ni
Doshou mo nai PANIKKU suki
GIRIGIRI no ga keppuchi de itsumo
Hontou ha honryou hakki suru TAIPU datta ne

Though there was no reason to hurry up
What can we do, we love to panic
When we are just on the edge of the cliff
We're the type that will always find the way

Yume ga naiteru
Genjitsu to iu KONKURIITO no kabe ni
Ugoku nai kagayake nai
Itsu no ma ni ka kakomare sugite

Our dreams are crying
On the wall of concrete called reality
'Can't move and can't shine, and
Suddenly we are too surrounded by them

Shunhatsu ryoku de norikiru no ga tokui nara sore de ii
Hazukashi ga razu yokei na PURAIDO throw away
Motomeru KANJI yomi ga eru sono toki made
Ichido ZERO ni modosou

If you can overcome anything immediately, okay,
Don't be ashamed to throw away your needless pride
Until when we revive the feeling that we seek
Let's return to zero once again

Saikin CHOTTO omounda NA
Kakagete kita SUROOGAN no "kanpeki shugi"
Sorya PORISHII mo hitsuyou dakedo
Domo motto taisetsuna mono ga arunda

Lately, I've been thinking for a while

About the "perfectionism" published on slogans
That sort of policy is necessary too, but
We surely have more important matters

HIITOAPPU shisouna ENJIN sukoshi yasumasete
Shin kikyuu shitara... sou da
KANSHA shite warattemi you

If we suspend that heated-up engine a little
And take a deep breath, that's it
Let's be thankful, and make a smile

li kagen de yuku no ha kenshite warui koto ja nai yo
Ganbari sugiru sonna shuusei throw away
Dare ga itteta "jibun o nakusa nai tame ni"
Ichido ZERO ni modosou

Living irresponsibly isn't really wrong at all,
So throw away that habit of pushing yourself too much
Let's return to zero once again
"So that you don't lose yourself" as they say

Chiisana yuuki mitsuketa sono shunkan
Yume datte azayaka ni iki fuki kaesu

The moment you found a teeny courage,
Even your dreams will/would come back to life
brilliantly

Nani ga nan demo te ni ireta katta MONOtte nan darou?
Omoide se nai kako nante throw away
ZERO ni modotte kimochi jibun no subete ni
Ai o sosogou ookiku sodatsu hi made

What was the thing that you were eager to get by all
means?
Just throw away such a past that you can't recall
Go back to zero and shower all of your feelings
With love until they grow up
