Akon

Stay out of trouble in our song

Let Me Tell you what hurts the most

Im a convicted fellow and i cant work

No matter where i go i try to get paid

they never give me good job, cause they are afraid
that...

i'm gon teck 'em off, (oh yes they did)

rob the manager and everybody in there

thats an everyday life of a convict tryin to make it (while
the sayin told me)

Chorus 2x

The judge said dont trouble nobody

probation said dont trouble nobdody

stay out of trouble,dont trouble nobody

and Ima try not to trouble nobody

my and my niggaz on the block all day sometimes

looking out for police

cuz thats the typ of shit, we go through up in the ghetto
just to make some G's

The street type got me getting locked up about five six
times a week

and then i make Bon, taken from profit of the weed, all
this just to feed my seeds (yeah)

i gotta stop this living, i witnessed one too many

killings, i out'a seen the hardest make a straight drop
to the ground

and was never ever found (SO)

Chorus 2x

You tryin to stay away from trouble everyday but its
hard when the things you need

Picture lookin at your babies in the face when they
hungry and they need to eat

Im tryin not to do Wrong, but they wont let me do Right

Even though i done changed my life, criminal records
is what they judging me by(thats why)
