[Verse 1:]

Used to be a mess  
Be so stressed  
How could I've allowed myself to go there  
Spread my love  
And spread my will till there wasn't enough left for  
myself

[Chorus:]

Then I realised that no one alive would care for me the  
way I would do  
(Gotta learn myself)  
Just a matter of time  
You find yourself searching back something inside  
You always knew  
Can u believe  
My heart is healed after all it's taken  
Can u believe  
My heart is healed after so much breaking  
(I'm ready) yes I'm ready x3  
(I'm ready) to give it all I got  
(I'm ready) yes I'm ready x3  
(I'm ready) to give it all I got

[Verse 2:]

I know there will be days where things will not go my  
way  
And I know, that giving up aint in my taste  
Cause I've always stood by what I've always known  
Stregth at the side will make this strong  
You decide to look who you be in love  
Be in love ohhh yeahhh

[Chorus:]

[Bridge:]

In life there's so much to provide  
Too much to sacrifice that it's crazy  
But I learn to accept and forgive  
Ooooo yeahhh

[Chorus:]
