Going crazy my heart is breaking

I can't sleep at all

Trying to get through this

Don't know how I'll do this

I know that I only got my self to blame (only got myself to blame)

But that doesnt help to ease the pain (doesnt help to ease the pain)

I'll just die if I can't see your face

Until you come back

I can't breath

Until you come back

I got no reason

Got my heart, my heart down on it's knees

I still need you beside me

Now it's morning

Your still gone and

I still reach for you (still reach for you)

Don't know how to

Live without you

I will, I could take back all the hurt I've caused

(take back all the hurt I've caused)

If I could give back all the love I lost

(give back all the love I lost)

The price I pay is just too high of a cost yea

Until you come back

I can't breathe

Until you come back

I got no reason

Got my heart, my heart down on its knees

I still need you beside me

Please forgive me (forgive me)

Let me have one more chance in your life (one more
chance in your life)

Till you're with me

I'll be half alive until you come back (back back)

Until you come back

I can't breathe

Until you come back

I got no reason

Got my heart, my heart down on its knees

Cause I need you beside me

Until you come back

I can't breathe

Until you come back

I got no reason

Got my heart, my heart down on its knees

I still need you beside beside beside beside me
