Akon - Criminal Minded Lyrics

[Akon]

No-o-o No-o-o Criminal minded (Boss) Criminal minded.

[Akon]

A criminal mind is all Ive got (cause I?) all I ever had (ever had). This is the only life Ive ever known, day by day, dont think that I can change my ways No-o-o.

[Rick Ross]

At night I cant sleep, I toss and turn, to many visions of prison for the commission I earn. My position is stern, pay attention and learn, so many pistols that burn, you know the principles first. Ridiculed by the teachers, battered by principals, but Im praised by the pimps, puffin a pack of kools. Graduated to the papes gettin ill n the money to, sympathy is for the suckers, the system will crumble you, so you cant look back, better be down to ride and it aint just that, better be down to die, to be a made man, better give it some time, before the time be here nigga you better get on your grind. (Boss)
