Akon - Ditch Ya Boyfriend Lyrics

Konvict...

Hey, hey...

You can visit any city

Sail through the pacific

I guarantee that you'll never find a G? like me

You can ask any killer

Cold-hearted gorilla

And they'll break it down for you like k?

I see you with your nigga

Pretty you looking better

And I can tell that you'd rather be with me

Stop acting like a punk and go do what you wanna do

Get over here and tell that nigga I aint scared of you

Now ditch ya boyfriend and come get it

If he got a problem tell him he can deal with it

I said ditch ya boyfriend and come get it

If he got a problem tell him he come and deal with it

You can visit any city

Sail through the pacific

I guarantee that you'll never find a G? like me

You can ask any killer

Cold-hearted gorilla

And they'll break it down for you like k?

I see you with your nigga

Pretty you looking better

And I can tell that you'd rather be with me

Stop acting like a punk and go do what you wanna do

Get over here and tell that nigga I aint scared of you

Now ditch ya boyfriend and come get it

If he got a problem tell him he can deal with it

I said ditch ya boyfriend and come get it

If he got a problem tell him come and deal with it

Hey, hey
